## CAREER OBJECTIVES:

Passionate Web Developer with 4+ years crafting dynamic, responsive, and high-performance websites and applications. Specialized in CMS platforms and modern JavaScript stacks. Committed to clean code, scalable solutions, and exceeding client expectations in international remote roles.

## Technical Skills:

- **Programming Language:** JavaScript (ES6+), PHP
- **Frontend:** HTML5, CSS3, Tailwind CSS, Bootstrap, SASS, ReactJS, jQuery
- **Backend:** Node.js, Express.js
- **Database:** MongoDB (Mongoose), MySQL
- **CMS Platforms:** WordPress, Shopify, Wix, Squarespace, Magento
- **Version Control & Tools:** Git, GitHub, Trello
- **Web Optimization & SEO:** Speed optimization, Lighthouse audits, on-page SEO
- **Graphics & Video:** Adobe Photoshop, Illustrator, Canva, Premiere Pro

## Work Experience:

### ➤ MaanRishfa IT Solutions – Front-End Developer

April 2020 – Present | Noapara, Jashore, Bangladesh

- Built and maintained responsive websites and SPAs using ReactJS and Tailwind CSS.
- Collaborated with designers to translate Figma/PSD into pixel-perfect UIs.
- Optimized performance (avg. 45% load-time reduction) via code splitting, lazy loading, and asset minification
- Customized WordPress themes/plugins and provided ongoing client support.

### ➤ AROBIL LTD – Web Developer

June 2020 – May 2021 | Kawranbazar, Dhaka, Bangladesh

- Developed user-centric front-end features for web applications (HTML, CSS, JavaScript).
- Integrated RESTful APIs with Node.js/Express backends.
- Managed hosting environments, SEO enhancements, and domain configurations.

---
